

THE CRIB AND THE CHILDREN -- The simple manger scene projects all the joy of the Nativity, the ages-old story of the birth of a Babe in Bethlehem. And in all the world no one is closer to the heart and the meaning of the Christmas crib than the little children who stand in wide-eyed wonder before it.

Water Improvement Project Contracts Awarded At Mokena

Blaine Saxton, a Mokena contractor, and the Wehling Well Works of Beecher were awarded contracts for improvements to the Mokena water system.

Saxton is to install water-mains and the Wehling firm is to drill a new well for the village, improvements authorized in the bond issue election last summer.

Installation of the mains will cost \$61,466, according to Saxton's bid, while the contract for drilling and casing a 1-inch well is \$6,890.

The contracts were awarded by the village board at a meeting held last Saturday morning. The bids were received at the board's meeting the night of Dec. 15 but a recess was taken until Saturday morning to give Village Engineer Ralph Yunker opportunity to tabulate the bids.

Two other bids were for the well, one from Layne-Western, Aurora, for \$8,075 and the other from J. P. Miller Stesian Well Co., for \$8,310.

The well is scheduled to have 115 feet of 16-inch casing and the hole is then to go on down in the rock to a total depth of 460 feet below ground level. A 24-hour test will be run when the drilling is completed to determine the flow and the head.

It will be known then, it was explained, what size pump to buy and prices will be obtained on it and the erection of a pump house.

Four other bids besides that of Saxton were received on the job of installing the mains. These bidders were:

Alpha Construction Co., \$62,460; Hulet Corp., \$66,547; D'Andrea Construction Co., \$69,733.50, and Foschi Brothers, \$75,307.50

The contracts calls for installing 1,250 feet of 12-inch main; 2,670 feet of 8-inch main and 506 feet of six-inch main. The contract also provides for the various type fittings and valves; 350 feet of two-inch copper lines on St. Mary rd. and Marti's Lane; a 16-inch casing under the Rock Island tracks at Mokena st.; replacement of 400 square feet of sidewalk and 240 square yards of street, and 17 new fire hydrants. The hydrants will be equipped with valves so each hydrant can be shut off without causing interruption to water service, in case such hydrant is in need of repair.

Vehicle stickers may be purchased at the office of Village Clerk Alvin Sorensen, 1933 Wolf road.

First Baby Of 1966 Can Win Prizes

The annual "first baby" contest for the area included in Green Garden, Frankfort, New Lenox and Orland townships, is to be staged again this year with the winner receiving numerous prizes donated by various business houses.

The winner, of course, will be the first child born Jan. 1, or after, to parents residing in the four townships since Nov. 1, 1965.

The child can be born at home or at a hospital. The parents, doctor, or some member of the family must telephone the Graphic Newspaper office at Mokena, 479-4151 or 479-3521 before noon of Jan. 7, giving the names of the parents and the time and place of birth. In the event of a multiple birth the first child is the winner.

Grey.

E. R. Friant was elected vice president, succeeding Roy Richardson, and Mrs. Marcia Miller was re-elected secretary. Gerald Armstrong was chosen as treasurer, succeeding Leo Marcoux.

Officers of the Chamber were elected on Tuesday night Dec. 16, at the annual meeting held in the Veterans of Foreign War hall on Wolf road.

Chosen as directors were, Frank Holladay, for a one year term, and Paul Knierim for two years.

Frank Grey, as the retiring president, automatically becomes a member of the directorate.

The nominations were made by the membership who forwarded their ballots to the nominating committee. Vote on the nominees took place last week.

The Christmas Story

And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.

(And this taxing was first made when Cyrenius was governor of Syria.)

And all went to be taxed, everyone into his own city.

And Joseph also went up from Galilee, out of the city of Nazareth, unto Judaea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David:)

To be taxed with Mary his espoused wife, being great with child.

And so it was, that, while they were there, the days were accomplished that she should be delivered.

And she brought forth her first-born son, and wrapped him in swaddling clothes, and laid him in a manger, be-

cause there was no room in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Savior, which is Christ the Lord.

And this shall be a sign unto you; ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

Glory to God in the highest, and on earth peace, good will toward men.

And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us.

And they came with haste, and found Mary, and Joseph, and the babe lying in a manger.

And when they had seen it, they made known abroad the saying which was told them concerning this child.

And all they that heard it wondered at those things which were told them by the shepherds.

But Mary kept all these things, and pondered them in her heart.

Approve Building Bonds For Lincoln-Way Addn.

Voters of the Lincoln-Way high school district approved a \$485,000 building bond issue at a special referendum conducted last Saturday.

The total vote, according to the unofficial returns, was:

Yes - - - - - 1,178
No - - - - - 879

The proposition carried in all of the six voting districts but one--Manhattan, and there it was beaten by only four votes.

In past referendums New Lenox has been a tough hurdle and Frankfort too but last Saturday the bond issue carried well in both places.

Mokena voters which recently slapped down a proposition to vote \$54,000 of bonds to purchase a site for a future grade school building program gave the high school issue approval by a margin of 13 votes.

Arbury Hills and Lincoln

Estates, two areas that have always supported school issues, gave substantial majorities to the Lincoln-Way bonds.

The vote by election district:

	Yes	No
Mokena	262	249
Arbury Hills	53	8
New Lenox	457	361
Frankfort	204	105
Lincoln Est.	71	21
Manhattan	131	135
	1,178	879

The Lincoln-Way board of education and the administrative staff of the school expressed their gratitude for the confidence reposed in them by the voters and the opportunity to proceed with plans for meeting the needs of the near future.

Just how near that future need is was expressed by the hope of Supt. A. Hunter Chapman that some of the rooms will be available next fall.

The plans call for 14 classrooms and three shop

and industrial arts areas, plus a new well and a sewage disposal system. The present well and sewage system is quite inadequate, according to the state water board which has demanded that the high school board correct the situation.

Supt. Chapman said that the school architectural firm of Childs and Smith, Chicago, will start immediately on the working drawings and specifications. It is the board's belief that it will be able to let bids on the proposed addition sometime in March.

The sewage system at the school was designed originally to handle 11,000 gallons flow per day while the present demand is for more than 25,000 gallons.

Mokena Library To Close Until Jan. 12

The Mokena village library will be closed until the 12th of January, 1966. The decision to close the library was announced by librarian, Mrs. Beatrice Olson, and is based on several reasons.

There are no state books in the library at the present time, which cuts down greatly on its facilities for Mokena children. Also, a good many Christmas activities have been scheduled for Wednesday evening, which has cut down on the number of people coming into the library during its regular

hours. Also, the difficulty of getting volunteer librarians during the holiday season has made it necessary to close down this local facility.

The library will reopen on Jan. 12, with its regular hours, from 3:30 to 5:00 in the afternoon and from 7:30 to 9:00 at night. All area residents are welcome to use the library. There is no charge for books unless they are kept out over the two-week limit. Children must have a parent's signature before withdrawing books.

S & L Business In Illinois Shows Gain

Illinois savings and loan associations passed the \$11 billion mark in total resources during October, according to Erven F. Jurs, President of the Illinois Savings and Loan League.

Combined assets of the state's 585 thrift and home financing institutions increased 6.4% during the first 10 months of 1965 and totaled \$11,089,774,000 as of Oct. 31, reported Jurs, who also heads the First Federal Savings and Loan Association of Elgin. Illinois continues to lead all other states except California in total savings and loan resources.

A total of 3,448,565 investors in Illinois savings and loan associations increased their savings by \$470,294,000 since Jan. 1, and additions during November and December are expected to boost the annual gain above the \$600 million mark, Jurs predicted. The average size savings account

has risen to \$2,693 and total reserves of Illinois associations accumulated for the protection of those savings are now in excess of two-thirds of a billion dollars, he said.

Mortgage lending activities of Illinois savings and loan associations continued at a record pace. Total loans for the first 10 months of 1965 amounted to \$1,577,025,000, or 4.8% above the record set for the same period last year. Two out of three home loans are recorded by savings and loan associations in Illinois, the highest percentage in the nation, Jurs concluded.

Re-arrange Space At Frankfort School

With the new Chelsea school in operation at Frankfort the original gradeschool is now in the process of re-arranging its space.

The three lower grades are now attending classes at Chelsea, in Connecticut Hills. That eliminates the necessity of using the science room for a home-room. The educational television and choral programs have taken over one of the rooms formerly used by a lower grade and development of the centralized library has been started.

The gradeschool board also discussed prospective repair to the original school. Another subject touched upon was some of the new federal legislation affecting schools.

On the recommendation of

Supt. Leroy Olson the lunch hour at Chelsea school has been cut to 45 minutes and classes will be dismissed there at 3:15 rather than 3:30 o'clock.

A few minor changes have been made in the bus arrangements for Chelsea pupils. There will be additional signs designating bus area.

It was decided by the board that there is no need for a crossing guard at Locust and U.S. 30, so the village does not have to supply one.

The board approved a contract with Mrs. Joan Keener to teach third grade at Chelsea for the remainder of the school year.

The next board meeting is scheduled for 7:30 p.m. Jan. 5, at Chelsea school.

Don't Burn On Wash-Day Sink Firm Is Told

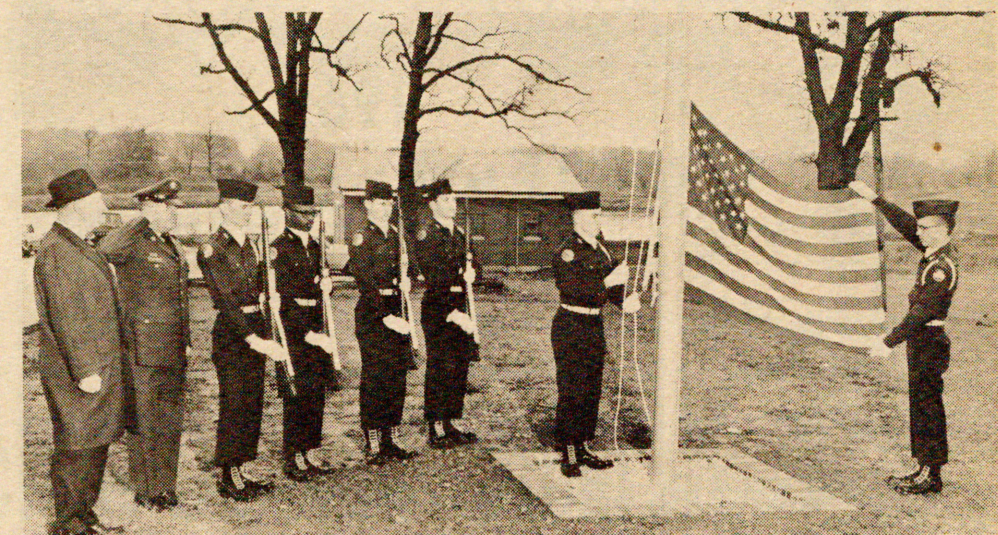

Some weeks ago a woman living in the vicinity of the S & S Sink Top plant on the west edge of Frankfort complained about the company burning its waste material. It soiled her washing and the fumes were irritating, she reported.

The complaint was brought to the attention of village officials, the state fire marshal and the state air pollution control board.

The state officials have informed S & S it is alright to continue with its open burning, at least for another six months. Such burning caused no pollution problem, the report stated, but the sink firm was advised to observe wash day.

Officially It's Winter

Winter made its bow on the
seasonal stage last Tuesday,
Dec. 21. Curtain time was
7:41 p.m.

There was a dress re-
hearsal late Sunday night and
early Monday morning when
snow blanketed the area
making driving hazardous on
most highways.

There was one traffic
death in Will county, on Ill.

condition of the roadway.

There have been snow
flurries in the past few weeks
but last Thursday, Dec. 16,
a "tracking snow" fell in the
area. It was the first one that
covered the ground.

For Safer DRIVING

BY RONALDSTOPKA
DIRECTOR OF
DRIVER EDUCATION
LINCOLN-WAY
HIGH SCHOOL

Holiday weekends have produced about a twenty-five percent increase in traffic deaths compared with normal weekend driving. The Christmas holiday has experienced the highest number of deaths compared with other national holidays. We as drivers can change this tragic record by applying the Christmas Spirit to our driving and walking.

Remember, more traffic deaths occur during the first twelve hours of the holiday driving period! The hours of six to nine p.m. are the most dangerous. Start that holiday trip early. Take your time. Slow down after dark. Take rest stops to maintain alertness.

Remember, half of all fatal accidents happen within ten miles of the driver's home and two-thirds occur within twenty-five miles. Don't

drop your guard in familiar territory! Make sure your seat belts are fastened, even on short trips.

Remember, three out of five fatal holiday traffic ac-

cidents involve only one car. Usually the single car either ran off the roadway, hit a fixed object or struck a pedestrian. Watch your own driving for excessive speed,

inattention and bad judgment! This advice is doubly important for Christmas holiday driving.

Either drinking or speeding is involved in more than

half of the fatal accidents. Speed makes your car work harder to stop and control-- safety demands that you separate the bottle and the throttle.

"Our Story Of The Christmas Carol"

The warmth, joy and "spirit" of this season is of times expressed by the singing of carols. Carols that lift us "up above" the fast hum-drum pace, to the quiet, simple, peaceful atmosphere beyond. Here the true environment surrounds the season. This is the plateau far above the clutter, from which we wish to express our sincere "thank you" for your patronage in 1965, and extend from the Officers and Directors ... Seasons Greetings.

Yuletide Caroling Goes Back Long Way

Christmas caroling is almost as old as Christmas itself--tho not in the form we know it.

An early historian wrote that in the Second Century the bishop of Rome urged his people to sing "in celebration of our Lord," Christmas hymns go back to the fifth century, when most of them were written in Latin.

St. Francis of Assisi is regarded as the father of caroling as we know it, according to World Book Encyclopedia. In 1223, St. Francis placed a creche (miniature Nativity scene), in a hermitage in Greccio, Italy.

After this many churches began displaying a Nativity scene at Christmas, and soon the people began acting out the Christmas story. The actors composed carols to sing with their Nativity plays and after the plays they would stroll down the street, singing. In that way, street caroling was born.

Joseph Mohr, a pastor in Oberndorf, Austria, composed "Stille Nacht," or "Silent Night," on Christmas Eve, 1818. Franz Gruber, the local schoolmaster and organist, composed music the same day, and the hymn was sung for the first time at Midnight Mass that night.

Charles Wesley, brother of John Wesley, wrote, "Hark! The Herald Angels Sing!" in 1739. Phillips Brooks, a noted Boston clergyman, wrote "O Little Town of Bethlehem" in 1868 after visiting Bethlehem.

Tho not a carol, Handel's noble "Messiah" is a

mas tree on Saturday, Dec. 18 in the ballroom of the American Legion hall. They strung popcorn and cranberries and each scout brought two ornaments for the tree.

Scouts who decorated the tree were; Kevin Carroll, Kennal Oetter, Daniel Hecht, Steve Nussbaum, Bob Stoll, Norman Hecht and Todd Carroll.

Leaders attending were Fred Thompson and Stan Bochtler.

The Scouts Christmas party was held Monday, Dec. 20.

Christmas tradition. It first was performed in Dublin in 1742. "Joy to the World," written in the early 18th century by Issac Watts, was set to the music of a segment of the "Messiah." "While Shepherds Watched Their Flocks by Night," written in 1703 by Nahum Tate, was set to music taken from "Siroe," an opera by Handel.

No one knows who wrote "The First Noel." It first appeared in print in 1833 in a book called "Christmas Carols Ancient and Modern," and is believed to be very old.

The author of "God Rest Ye Merry, Gentlemen," also is unknown, but helived before Shakespeare.

So if you should go caroling this Christmas season, think of other carolers of years gone by, of the people of Charles Dickens' time in their beaver hats and cut-away coats, of English villagers in hose and jerkin, of good St. Francis, and of the priest of the time of the Christian Roman Empire who, before caroling as we know it existed, sang "in celebration of our Lord."

Youth To Be Facing Five Charges After Return From Army

Thomas E. Hartung, 19, Haven st., New Lenox, who led police a long chase in last Sunday's early hours before finally being curbed in Joliet, has returned to his army unit on the west coast from where he is scheduled to embark for Vietnam.

When he returns he will find five traffic charges

hanging over his head; Reckless driving, speeding, running a red light, running a stop sign and driving with a revoked driver's license.

James Kramar, 19, of 709 Cedar rd., New Lenox, who was a passenger in the car with Hartung, is at liberty under \$25 bonds and is scheduled to appear in court Dec. 27 on a charge of disorderly conduct.

Hartung and Kramar were lodged in the county jail Sunday and held until Monday.

According to the report at the sheriff's office five county squad cars and a Joliet city police car were involved in the chase that reached speeds of 90 and 100 miles an hour.

It began on U.S. 30 and wound around on Mills rd. and Cherry Hill road at speeds up to 90 miles an hour. At Cherry Hill rd. and U.S. 30 Hartung is said to have run the stop sign and then went west to Walnut st. where he went north and is alleged to have run a red traffic light at U.S. 6.

The chase followed Draper avenue to Woodruff road

and then west to Collins street. Hartung was finally curbed at Collins and Columbia.

Two girls that were in the car were released.

State's Attorney George E. Sangmeister released Hartung that he might rejoin his outfit but declared the charges are pending and that Hartung will face them when he returns.

Open Letter from the Hirschs

Dear friends,
The recent thaw in cold war tensions - however slight - is most welcome to this abused world. Is it possible that mankind is at long last wearying of strife and turning toward Christ's hope of Peace on Earth. Good Will to All Men. Let us hope and pray this Christmas Day that the balm of tolerance and charity is truly extending across the earth.

Westhaven Homes and Acreage To Be Sold

A village is to be sold next month.

One hundred homes and 300 acres that include almost all of the village of Westhaven, 167th st. and 94th ave., are to be sold by the Federal Savings and Loan Insurance Corp. about mid-January.

The 100 homes are to go in one lot; the 300 acres will be disposed of in three lots, it was stated.

The FSLIC has already received sealed bids on 82 vacant lots in Tinley Heights subdivision, 171st and Harlem ave.

These two offers are part of \$102-million of assets acquired by FSLIC following the voluntary liquidation of several savings and loans associations.

Included are homes in DuPage and Kane county, East Chicago Heights and in sections of Posen, Markham, Robbins, Phoenix, Mundelein and Arlington Heights. From 600 to 700 homes in the metropolitan area will be offered for sale. Also some \$64-million of home mortgages acquired from defunct savings and loans. A considerable quantity of vacant property also is to be offered to builders.

Thomas P. Sughrua, special representative at large for the FSLIC, is quoted as saying that 50 of the Westhaven homes and 200 of its

vacant acres were acquired thru the voluntary liquidation of the Tinley Park Savings and Loan, and 25 homes came to the voluntary liquidation of the Beverly Savings and Loan association.

The FSLIC acquired the remainder of its holdings at Westhaven when it agreed to purchase those assets of Hillside Savings and Loan which Oak Park Federal Savings and Loan did not want after it and Hillside merged.

At that time, it was said, only about 25 of the homes were occupied and vandals had damaged many of the empty houses. FSLIC began a repair program and began renting the homes on a month to month basis. It is said that all of the homes are now occupied.

It was explained that when a savings and loan company liquidates voluntarily the FSLIC pays insured accounts up to \$10,000 and acquires the assets and liabilities of the association.

Midwest offices of the FSLIC have been consolidated and located in what was the Service Savings and Loan association at Summit.

Mrs. Cleveland Dies; Funeral In Florida

Funeral services were held last week at Clearwater, Fla., for Mrs. Anna Cleveland, 87, formerly of Frankfort township.

She and her husband, Clarence M. Cleveland, operated a farm for many years. Mr. Cleveland, who died in 1947, was interested in gardening as a hobby and formerly gave talks before garden clubs on wild flowers.

He opposed the paving of Wolf road because it was going to cost the life of a number of trees. There was a court fight and a final compromise. Ironically enough the final way in which the road was routed as it neared U. S. 30 took more trees than had it followed the original survey, according to one who remembers the case.

Mrs. Cleveland moved to Florida many years ago and had made her home there since.

The Clevelands home was on U.S. 30 and Wolf road on the site now occupied by the Oakwood motel.

The couple had no children and Mrs. Cleveland had no immediate relatives. She was born Anna Weber, at Monroe, Wis., and after her marriage to Mr. Cleveland in 1904 made her home in Frankfort township until moving to Florida.

She died at Clearwater Dec. 13.

L-W Quint Hits Big Time In Centralia Cage Tourney

Thornton of Harvey, Benton, New Trier, and Decatur are top-seeded for the 23rd annual Centralia holiday tournament scheduled for Tuesday, Wednesday, and Thursday, Dec. 28-29-30.

Thornton, sporting a 5-0 season mark and a semi-finalist at last year's state tournament finals at Champaign, is picked as the number one team with a tough

Benton crew tabbed as second best. New Trier (5-1), paced by 6-9 Lawrence Rosenzweig, is seeded third, and Stephen Decatur of Decatur is seeded fourth.

Other top-rated teams are Quincy - second-place winner at the 1965 state finals -- fifth; Belleville, 54-44 victor over 1965 state champion Collinsville last week end, sixth; Edwards -

ville, seventh; and host Centralia, winner of the 1964 Holiday Tournament, eighth.

"I've been associated with the Centralia holiday tournament ever since it started," said Centralia Athletic Director Jim Evers, "and this was the toughest one to seed. This one should really be an outstanding tournament."

This week's Associated Press and United Press-International polls both had five of the teams entered at Centralia in the top 16 with AP listing three Centralia participants among the top seven (Thornton 3, Benton 5,

and New Trier 7), and UP-I naming four among the top nine (Thornton 2, Quincy 5, New Trier tied for 6; and Benton 9). AP's poll had 11 of Centralia's 16 entries either in the top 16 or on the honorable mention list.

As usual, there will be a full schedule of 23 games during the three-day meet with sessions starting at 9 a.m., 1 p.m., and 6:45 p.m., except for the final night, which will open play at 7:15. In one schedule change, the consolation championship tilt will be played the final afternoon with the third-place game and championship game that evening.

Tickets may be ordered by writing the Centralia Holiday Tournament, Centralia, Ill. A reserved seat for all 23 games is \$7.50 for adults

and \$3 for students. Reserved seats for a single session are \$1. Adults may buy a season general admission ticket for \$6, while student season general admission ticket is \$2.

First-round pairings are as follows:

9 a.m. session -- Edwardsville (3-1) vs. Mt. Vernon (1-3) Benton (3-0) vs. Lincoln - Way (New Lenox) (2-3)

1 p.m. session -- New Trier (5-1) vs. Metropolis (3-0) Quincy (4-1) vs. McLeansboro (3-1) Thornton of Harvey (5-0) vs. Salem (1-3)

6:45 p.m. session -- Belleville (2-2) vs. Champaign (3-3) Centralia (1-3) vs. Joliet Central (2-2) Stephen Decatur (4-1) vs. Fairfield (3-0).

Knights Wallop Rams, 75-50

BY TOM SEARTH

The Lincoln-Way Knights poured on the coal in the second half of their scheduled conference battle against Reavis last week jolting the Rams 75 to 50.

The battle for the Southwest Suburban Crown grows closer every week. After last week's games, there was a five way tie for first place between Lincoln-Way, Oak Lawn, Rich East, Bremen, and Homewood-Flossmoor all with conference slates of two wins and one loss.

In the battle between the Knights and Rams it seemed as tho the Knights were never going to get off the ground. The first half saw the scor-

ing kept at a minimum with the Rams keeping pace with the Lincoln-Way offense. L-W quintet ended on top 26 to 22 at half.

In the third period the Knights came out with spirits high, applying their half court press, out playing and scoring the Rams 26 to 10 taking a third period lead of 52 to 32.

With the Knights entering the final stanza with a 20 point lead, the outcome of the game left very little in doubt except the final score. The red-hot Lincoln-Way Knights again out scored the Rams 23 to 18 making the final score 75 to 50.

Dave Eden lead the Knights in the scoring department with 16 points while big Mike Seitzinger controlled the boards, collecting 12 rebounds.

Karl Warning 6'4" forward for the Knights kept up his superb shooting percentage by connecting with six out of eight field goals (75%) and two out of four free throws (50%).

Keith Schram, second leading scorer with 15 points, was a considerable factor in the third period onslaught when he stole the ball six times. Bill Stanfill, who was at the receiving end of many of Schram's break away passes, scored 13 points.

The Sophomore Knights stunned the Rams 63 to 36. The Sophomores also have a 2-1 record. This year the Knights will compete in the Centralia Tournament Dec. 28, 29, and 30. They will resume conference action Jan. 7, 1966 against Rich East.

CULTURES AROUND the globe, as reproduction of these
paintings show, have gone beyond the thinking of Christ
as someone proclaimed by western missionaries and their
churches. Artists of Asia, Africa, the Middle East and La-
tin America visualize Christ as born in their environ-
ment. A collection of this specialized art has been fostered
by the Committee on World Literacy and Christian Lit-
erature, a 22-year-old interdenominational agency. "Lit-
Lit," as it is known, has helped teach millions to read and
write. Part of its work has been to seek out and train tal-
ented nationals in the arts. The work displayed here is
part of that activity. Artists and illustrators from many

countries receive training at an art school in Kitwe,
Zambia.

Christmas Tree Decorations

(Nature Bulletin of Forest
Preserve Dist.)

Christmas trees, decor-
ated or "trimmed", appar-
ently were first used in this
country during the Revolu-
tionary War by Hessian sol-
diers who, hired to fight for
England, were thinking of the
customs in their German
homeland. An account of the
festivities here at Fort
Dearborn, in 1804, mentions
a spruce Christmas tree.
Some say that a Harvard
professor from Germany had
one in 1824. There is reli-
able evidence that there was
such a tree in Cambridge,
Mass., in 1832; and in Phil-
adelphia two years later.
The idea and the tradition
spread rapidly thru this
country.

There are many legends
about the origin of the
Christmas tree, including
the story that Martin Luther,
strolling thru the moonlit
countryside one Christmas
Eve, about 1535 A.D., was
so enchanted with the spar-

kle of the stars and the moon-
shine reflected by the glis-
tening snowflakes on the ev-
ergreens that he cut a small
tree, took it home to his fam-
ily, and put small lighted
candles on it to simulate
those reflections. There
are also legends in the
Norse, French, English and
other folklore. We do know
that in Strasbourg, on the

Rhine, there were Christmas
trees in 1604, altho there is
no mention of lights or dec-
orations. The custom grad-
ually spread over all of Ger-
many, to Finland in about
1800, thence to other Scan-
dinavian countries, and to
England and France.

Now, the Christmas tree is
common in all Christian
countries except Spain, Italy,
and some of Latin America
-- where the custom is to
erect a miniature reproduc-
tion of the stable and the
manger where Christ was
born. Even the Japanese
have adopted the Christmas
tree, decorating it with tan-
gerines and delicate rice wa-
fers which enclose fortune-
telling slips.

In the United States the
decorations at first, if any,
consisted mostly of strings
of popcorn or tufts of cot-
ton as symbols of snow on the
branches. Chains of white
or colored paper, and strings
of cranberries or of red
haws, were also used. Can-
dies, cookies, nuts, and fruit
such as apples and oranges,
were hung on the branches;
sometimes pictures or mod-
els of hams, bacons, pump-
kins and other food-stuffs.
Manufactured strings of tin-
sel or glass balls, and bau-
bles of glass or tin, gradual-
ly came into use; also strip-
ed candy canes and "icicles"
of tinfoil; and finally, color-

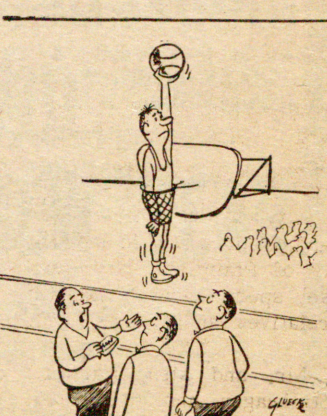

ed electric lights of various
shapes and sizes, to replace
the candles responsible for
so many fires and deaths.
Many trees are now sprayed
with a mist of metallic or
plastic paint, or mica flakes,
simulating frost and snow.

In Sweden and Norway, the
Christmas tree is decorated
with gold and silver stars,
strips of colored paper, and
miniature flags, of many na-
tions, strung in garlands. In
Sicily, olive trees decorated
with oranges are sometimes
used. Swiss trees, on which
are hung gaily decorated pine
cones and gilded nuts, have
the snow of the Alps re-
produced in cotton. A French
tree may have sugar bon-
bons and exquisite paper
ornaments. In Poland, the
tree is decorated with
brightly - colored - paper
peasants, paper clowns and
miniature toys. The Ukran-
ian tree, hung with long gar-
lands of bright red cranber-
ries, is topped by the six-
pointed star of the Orthodox
Green Church and, symbolic
of the manger in Bethlehem,
has a heap of straw at the
base. In Lithuania, straw
from the fields is laborious-
ly fashioned into windmills,
bird cages, bells and geo-
metric designs, to be hung
upon the Christmas tree. In
Holland, beneath the tree, the
children leave their wooden,
shoes, filled with hay for St.

Nichols' white horse on
which he jumps from roof to
roof.

May all of YOU have a
happy merry Christmas.

Eagles Click And Down Strong Bremen Five, 77-60

BY DREW CORLEY
The Sandburg Eagles finally seemed to get things going as they crushed a strong Bremen team 77-60 last Friday night.
The game started with the Eagles quickly taking the lead which they held throughout the game. At the end of the first quarter it was 21-8. Then in the second quarter, the Eagles slowed down somewhat and the Braves managed to come back and the Eagles led at half time only 35-31.
In the third quarter a determined Eagle squad gradually began to pull away

from the Braves. The Eagles, who in previous games had trouble holding a lead, steadily controlled the game the whole second half. At the end of the third quarter it was Eagles 51, Braves 39.
In the final quarter the Braves put up a tremendous battle against the Eagles but could not gain any ground. The Eagles who played their best game so far this season, seemed to have everything

clicking as they coasted on to win 77-60. The Eagles victory was their first in conference and the first conference defeat for Bremen. This win keeps the Eagles alive and with Rich East's loss Friday night against Oak Lawn, anything can happen.
Scorers for the Eagles were Drew Corley with 25 points, Van Broman 17, Marvin Blummer 15, and Rich A-dee with 12.

Salvation Army Busy On Holiday Visits To Hospitals And Homes

A share of Christmas joy and the wondrous spirit of the season will be brought to shut-ins in the Chicago area as members of The Salvation Army's League of Mercy make their traditional holiday visits.
With friendly greetings and festive remembrances, the bonneted lassies will call on more than 24,000 persons in hospitals, homes for the aged, nursing homes and correctional institutions from Dec. 1 through Dec. 22. Familiar Christmas carols -- always a highlight of the visits -- will be presented by vocal and instrumental groups at each institution.

The gifts include boxes of chocolates, bags of Christmas candy, oranges, apples, colorful slippers for men and women, T shirts, toys, games and dolls for the children, stationery, toilet soap, tote bags for personal items, and the Christmas issue of the War Cry. Patients on restricted diets will receive oranges and other remembrances instead of candy.
